

SCHOOL VACCINATION AWARENESS Checklist

medicaltracker

- ✓ Share NHS-approved vaccination information via newsletters or the school website.
- ✓ Signpost parents to GP practices and school nursing services
- ✓ Promote upcoming school-based vaccination sessions clearly and early
- ✓ Send reminders about consent forms and session dates
- ✓ Provide calm, factual information during outbreaks or public health alerts
- ✓ Signpost parents to GP practices and school nursing services
- ✓ Avoid judgment or pressure when discussing vaccination
- ✓ Record absence or illness trends linked to outbreaks

Good practice reminders

- Schools should not provide medical advice
- Health decisions remain with families
- Clear, neutral communication builds trust
- Consistent messaging supports community wellbeing
